**BOARD OF DIRECTORS
STAFF REPORT**

DATE: March 7, 2023
TO: Board of Directors
FROM: Van Jew, Acting General Manager
SUBJECT: MONTHLY REVENUE & EXPENDITURES REPORT - JANUARY 2023

BACKGROUND:

The Board of Directors requested the Monthly Financial Status Report to be presented to the Finance Committee for review and discussion before presenting these reports to the Board of Directors. The reports are being produced from the District's Financial System (System of Records) and will be presented on a monthly basis.

DISCUSSION:

The Monthly Financial Status Report (**Exhibit A**) summarizes the District's revenue categories as well as expenditures for all Departments. The original total budget includes the adopted budget. Current total budget includes the adopted budget plus any budget amendments or adjustments made during the year. Period activity column represents activity for the reporting periods. Fiscal activity column represents the year-to-date activity or transactions that have been recorded in the general ledger from the beginning of the fiscal year July 1 through January 31. The encumbrance column represents funds encumbered with a purchase order that's not spent but committed. The percent column represents the percentage of the current budget that has been received (Revenue) or utilized (Expenditure).

FISCAL IMPACT:

There is no fiscal impact for producing the January 2023 Monthly Revenue & Expenditure Report.

STAFF RECOMMENDATION:

Approve the January 2023 Monthly Revenue & Expenditure Report.

Respectfully Submitted,

Van Jew

**BOARD OF DIRECTORS
STAFF REPORT**

DATE: March 7, 2023
TO: Board of Directors
FROM: Van Jew, Acting General Manager
SUBJECT: CASH DISBURSEMENTS REPORT - JANUARY 2023

BACKGROUND:

The Board of Directors requested the Monthly Cash Disbursements Report to be presented to the Finance Committee for review and discussion before presenting these reports to the Board of Directors. The reports are being produced from the District's Financial System (System of Records) and will be presented to the Finance Committee on a monthly basis.

DISCUSSION:

Each month, the Accounting Department provides a complete listing of all disbursements for the previous month in an effort to promote fiscal responsibility and accountability over the expenditure of public funds. This process includes providing the Finance Committee, Board of Directors, and ratepayers the opportunity to review expenses for supplies, materials, services, (**Exhibit A**) and payroll Disbursements (**Exhibit B**). Payroll is processed bi-weekly and accounts payable is processed weekly. Information to justify each payment is available through the Accounting Department. For reference, Customer Refunds are credits due as a result of closing a water account.

FISCAL IMPACT:

There is no fiscal impact for producing the January 2023 Cash Disbursement Reports.

STAFF RECOMMENDATION:

Approve the January 2023 Cash Disbursement Reports.

 Chief Financial Officer

*Quarterly interest posted the month following the quarter end.

West Valley Water District Investment Memo – January 2023

Note:

All significant assumptions, methodologies and analyzed amounts were discussed with and agreed to by the District's accounting staff. From this conversation, we believe the District's accounting staff has the requisite knowledge and understanding of the processes/analyses prepared by CLA as not to impair our independence.

Total Fund Balance

When comparing the District's total fund balances month-over-month between January (\$124,626,258.73) and December (\$124,616,989.54), CLA found the \$9,269.19 increased fund balance between January and December.

U.S. Bank Chandler Custodial Account

Cash/Money Market - Per Section 9.11 of the District's investment policy, "The company shall have met either one of the following criteria: 1) attained the highest ranking or the highest letter and numerical rating provided by not less than two NRSROs "Nationally Recognized Statistical Rating Organization" or 2) retained an investment adviser registered or exempt from registration with the Securities and Exchange Commission with not less than five years of experience managing money market mutual funds with assets under management in excess of five hundred million dollars." Based on Chandler Asset Management's reconciliation summary for the period ending January 31, 2023, CLA was able to confirm the District's cash and money-market securities were in accordance with the investment policy. CLA also conducted a review of the District's cash and money-market securities and found that all the District's holdings were in alignment with the requirements set forth in the investment policy.

In addition to ensuring that the District's money market funds attained the highest ranking provided by more than one NRSRO, the District also met the requirements outlined in Section 9.11 of the investment policy through its established relationship with Chandler Asset Management. With total assets under management of over \$25 billion with over thirty years of experience in managing money market mutual funds, Chandler Asset Management exceeds the requirements of the District's policy.

Per the investment policy, the maximum percentage of District investments in money market funds is capped at 20%. Similarly, the allowable mutual fund and money market account instruments per California government code (Sections 53601(I) and 53601.6(b)) for local government entities are also capped at 20%. The District's money market balance percentage as of January 31, 2023 is 1.16%. Therefore, the District is following both the investment policy and California governmental code.

United States Treasury Issues – Per Section 9.1 of the investment policy, "there's no limitation as to the percentage of the portfolio that may be invested in this category."

The District's investment policy is in uniformity with the State of California's Local Agency Investment Guidelines (Government Code Section 53601(b)). These guidelines establish that maximum investment maturities for United States Treasury Obligations are limited to five years. However, the legislative body may grant express authority to make investments either specifically or as a part of an investment program approved by the legislative body that exceeds this five year remaining maturity limit. Such approval must be issued no less than three months prior to the purchase of any security exceeding the

West Valley Water District Investment Memo – January 2023

five-year maturity limit. These guidelines do not establish a maximum specified percentage of the District's investment portfolio for United States Treasury Obligations.

As of January 31, 2023, 9.78% of the District's total portfolio is invested in United States Treasury Issues. With no maximum percentage established for United States Treasury Issues, the District is in conformity with the investment policy and the State of California's Local Agency Investment Guidelines.

Negotiable Certificates of Deposit – Section 9.4 of the District's investment policy states "purchases are limited to securities that have a long-term debt rating of at least the "A" category, or its equivalent, by a NRSRO." All instruments categorized as negotiable certificates of deposit in the District's portfolio follow Section 9.4 of the investment policy, as each security has a satisfactory long-term debt rating, and the investment matures within the five-year time frame as dictated in the policy. Based on CLA's analysis, the purchase dates for all medium-term notes fall within the five-year framework established in the investment policy.

Per Section 9.4 of the investment policy, the maximum percentage of investments in negotiable certificates of deposit is 30% of the portfolio.

The District's investment policy is also in accordance with the State of California's Local Agency Investment Guidelines (Government Code Section 53601(i)) regarding negotiable certificates of deposit. These guidelines establish a maximum specified percentage of the District's investment portfolio for certificates of deposit at 30%. The State of California's guidelines also establish that maximum investment maturities for medium-term notes are limited to five years.

Negotiable certificates of deposit constitute 0.0% of the District's total investment balance as of January 31, 2023. Therefore, the District is following both the investment policy and the State of California's standards.

Medium-Term Notes – Section 9.10 of the District's investment policy states "purchases are limited to securities that have a long-term debt rating of at least the "A" category, or its equivalent, by a NRSRO." The investment policy also states that medium-term notes should have a "maximum remaining maturity of five years or less." All instruments categorized as medium-term notes in the District's portfolio follow Section 9.10 of the investment policy, as each security has a satisfactory long-term debt rating, and the investment matures within the five-year time frame as dictated in the policy. Based on CLA's analysis, the purchase dates for all medium-term notes fall within the five-year framework established in the investment policy.

Per Section 9.10 of the investment policy, the maximum percentage of investments in medium short-term notes is 30% of the portfolio.

The District's investment policy is also in accordance with the State of California's Local Agency Investment Guidelines (Government Code Section 53601(k)) regarding medium-term notes. These guidelines establish a maximum specified percentage of the District's investment portfolio for medium-term notes at 30%. The State of California's guidelines also establish that maximum investment maturities for medium-term notes are limited to five years.

Medium-term notes constitute 6.18% of the District's total investment balance as of January 31, 2023. Therefore, the District is following both the investment policy and the State of California's standards.

West Valley Water District Investment Memo – January 2023

Federal Agency Obligations – Per Section 9.5 of the District’s investment policy, “there is no limitation as to the percentage of the portfolio that may be invested in this category, however, purchases of callable Federal Agency obligations are limited to a maximum of 30 percent of the portfolio.” Although the policy does not explicitly list the bond rating requirements for federal agency obligations, all the District’s current federal agency holdings are rated AAA by multiple NRSRO’s as of January 31, 2023.

While the State of California’s Local Agency Investment Guidelines have not established a maximum specified percentage for investments in federal agency obligations, these guidelines establish that maximum investment maturities for Federal Agency Obligations are limited to five years (Government Code Section 53601(f)). However, the legislative body may grant express authority to make investments either specifically or as a part of an investment program approved by the legislative body that exceeds this five year remaining maturity limit. Such approval must be issued no less than three months prior to the purchase of any security exceeding the five-year maturity limit.

Federal agency obligations represent 6.99% of the District’s total investment balance as of January 31, 2023. Therefore, the District is in accordance with both its investment policy as well as the guidelines set-forth by the State of California.

Local Agency Investment Fund (LAIF)

The State of California, Local Agency Investment Fund (LAIF) processes a same-day transaction if notified by 10:00 am. This ability satisfies the investment requirement of 24-hour liquidity as stipulated in the investment policy for the District.

Per Section 9.2 of the District’s investment policy, the maximum percentage of investments in the State of California, Local Agency Investment Fund is unlimited.

The District’s investment policy is also in accordance with the State of California’s Local Agency Investment Guidelines (Government Code Section 16429.1) concerning the Local Agency Investment Fund. These guidelines establish no maximum specified percentage of the District’s investment portfolio while also dictating no maximum maturity date for LAIF investments.

Per the Standard and Poor’s rating system, California’s Current Credit Rating is AA-, identifying the credit quality of the fund’s portfolio performance as strong.

As of the period ending January 31, 2023, the District’s Local Agency Investment Fund balance represents 59.98% of the District’s entire portfolio. Therefore, the District is following the investment policy as well as the standards of the Local Agency Investment Guidelines.

Based on the LAIF performance report dated February 8, 2023 LAIF investments had a net-yield of 2.425%. Regarding portfolio composition, LAIF fund investments were split into the following categories (percentages may not total 100% due to rounding):

- Treasuries- 66.67%
- Agencies- 20.08%
- Certificates of Deposit/Bank Notes- 6.26%
- Commercial Paper- 3.95%
- Time Deposits- 2.58%
- Loans- 0.19%

West Valley Water District Investment Memo – January 2023

- Corporate Bonds- 0.27%

On March 20, 2019, the District received a \$3 million dollar settlement as part of a larger association of local water districts and municipalities, from the San Gabriel Valley Water Company, Fontana Union Water Company, and the San Gabriel California Corporation. Per the settlement agreement, “West Valley and the non-settling plaintiffs separately asserted six claims alleging breach of contract and other claims arising from the 1961 Decree.” The 1961 Decree governs groundwater pumping from a portion of the Rialto-Colton Basin. The claims also concern the defendants (Fontana Parties) pumping from a portion of the Rialto-Colton Basin that is outside the Rialto Basin as defined by the 1961 Decree. The San Bernardino Basin Area and most but not all the Rialto-Colton Basin are located within the service area of the Valley District and this violation served as the basis of the settlement.

The settlement check was received and deposited into the District’s General Government Checking bank account and the District’s board approved the transfer of the \$3 million in settlement funds to the District’s LAIF account on April 4, 2019. While these funds have been earmarked for Capital Improvement Projects, the District has yet to allocate these funds to any specific project and the District will house all settlement funding in the LAIF account until board approval is received for the allocation of these funds.

The Investment Trust of California (Cal TRUST)

The District maintains investments in the CalTRUST Short-Term Fund. For the month ending January 31, 2023 the Net Asset Value per share was \$10.00 (\$16,930,477.38 book value) for CalTRUST Short-Term Fund investments. Per the CalTRUST Month End Portfolio Statistics dated January 31, 2023, the credit rating for the Short-Term Fund is AAF, identifying the credit quality of the fund’s portfolio performance as very strong.

Section 9.3 of the District’s investment policy states “no limit will be placed on the percentage total in this category.” The State of California also fails to establish a maximum percentage total for investment trusts per Government Code Section 16340. As of the period ending January 31, 2023, the District’s CalTRUST investment balance represents 13.59% of the District’s entire portfolio. Therefore, the District is following the investment policy and the standards set-forth by the State of California as it relates to CalTRUST securities.

Bank Deposits

Based on the District’s investment policy, “Securities placed in a collateral pool must provide coverage for at least 100 percent of all deposits that are placed in that institution.” As of January 31, 2023, the District maintained balances within the FDIC limit of \$250,000 for each of its bank accounts, except for the Chase General Governmental Checking account. The Chase General Governmental Checking account maintains funds for operational purposes and normally carries a balance of at least \$1.5 million dollars which represents funding for one payroll, and one accounts payable check run. In CLA’s comparison between the District’s general checking account balances for January 2023 (\$1,954,580.39) and December 2022 (\$4,727,529.66), CLA observed a decrease in the January 2023 account balance of \$2,772,949.27 versus December 2022 was mostly due to the District transferring \$2,000,000 into the U.S. Bank account.

West Valley Water District Investment Memo – January 2023

During our review of the January 2023 Chase General Governmental Checking account bank statement, it was noted that there were 15 fraudulent activities totaling \$31,400. West Valley Water District (“WVWD”) has a procedure where the bank issues a check/ACH exception report for WVWD to review and reject fraudulent checks/ACHs as needed. Currently, WVWD has implemented check number and amount positive pay.

While the District reconciles its deposit accounts monthly, CLA found that the District has historically reported the month-ending bank statement balance on the Treasurer’s Report. Because the monthly bank statement does not take any outstanding checks or other withdrawals into account, the District may be overstating the General Government Checking balances on the Treasurer’s Report, which ultimately impacts its liquidity.

In January, the UTC Routine Checking account was \$5,000.56 and the UTC Non-Routine Checking account balance was \$48,636.50. The balances in both accounts went remained unchanged between January 2023 and December 2022. The relatively low balances in both accounts (in comparison with the historical balances) is due to the CFO’s emphasis on transferring more of its unrestricted cash balances to the District’s investments accounts to take advantage of the increased rate of return.

In analyzing the accounting for the District’s cash drawers (\$3,600) and petty cash (\$700), per the District’s accounting staff, the District’s cash drawers are normally reconciled daily. Each drawer is counted by the customer service representative responsible for the drawer and a secondary count is performed by the customer service lead or supervisor prior to the funds being relinquished to the District’s armored security provider, Gaurda, for deposit daily. Cash deposits are reconciled daily by the District’s accounting department. Petty cash is normally reconciled by the accounting department monthly. The District’s accounting department provided CLA with a formalized reconciliation for the petty cash account and the cash drawers for January 2023, therefore CLA was able to agree the cash drawers and petty cash balance to the District Cash Drawers summary schedule.

Section 9.12 of the investment policy asserts that “there is no limit on the percentage of the portfolio that may be invested in bank deposits.” Similarly, the State of California’s Government Code for Allowable Investment Instruments fails to dictate any portfolio standards for general bank deposit accounts. Although no maximum has been established for amounts invested in bank deposits by the investment policy or the State of California, CLA can verify that as of January 31, 2023 the District had 3.84% of its portfolio invested in bank deposit accounts.

Commercial Paper

Commercial paper is an unsecured, short-term debt instrument issued by a corporation, typically for the financing of accounts payable and inventories and meeting short-term liabilities. Commercial paper is usually issued at a discount from face value and typically reflects prevailing market interest rates. Per section 9.8 of the investment policy, the entity that issues the commercial paper should meet all the following conditions “(i) is organized and operating in the United States as a general corporation, (ii) has total assets in excess of five hundred million dollars (\$500,000,000), and (iii) has debt other than commercial paper, if any, that is rated at least the “A” category by a NRSRO. For a commercial paper investment to be eligible for the District, the commercial paper shall not have a maximum maturity of 270 days or less and no more than 25% of the District’s portfolio may be invested in this category.

West Valley Water District Investment Memo – January 2023

The District's investment policy is also in accordance with the State of California's Local Agency Investment Guidelines (Government Code Section 53601 (h)) regarding Commercial Paper. These guidelines establish a maximum specified percentage of the District's investment portfolio for commercial paper at 25%. The State of California's guidelines also establish that maximum investment maturities for commercial paper should be 270 days or less.

As of January 31, 2023, the District had 0.0% invested in commercial paper investment. Therefore, the District is following both the investment policy and the State of California's standards.

Supranational

Supranationals are explicitly defined in Section 9.14 of the investment policy as "US dollar-denominated senior unsecured unsubordinated obligations or unconditionally guaranteed by the International Bank for Reconstruction and Development, International Finance Corporation, or Inter-American Development Bank". Securities listed as supranationals must be rated in the AA category or higher by a NRSRO and no more than 30% of the District's portfolio may be invested in these securities with a maximum maturity of five years.

The District's investment policy is also in accordance with the State of California's Local Agency Investment Guidelines (Government Code Section 53601(q)) regarding supranationals. These guidelines establish a maximum specified percentage of the District's investment portfolio for supranationals at 30%. The State of California's guidelines also establish that maximum investment maturities for supranationals should be five years or less.

As of January 31, 2023, the District's investments in five securities categorized as supranationals was 0.70% of the total portfolio and securities maintained a maturity date of less than five years from the original purchase date. CLA can confirm that the District's supranational investments meet the standards of both the investment policy and the State of California.

West Valley Water District Reserve Memo – January 2023

Note:

All significant assumptions, methodologies and analyzed amounts were discussed with and agreed to by the District's accounting staff. From this conversation, we believe the District's accounting staff has the requisite knowledge and understanding of the processes/analyses prepared by CLA as not to impairment our independence.

Restricted Funds

Bond Proceeds Fund(s) – Balances in the bond proceeds fund accounts represent monies derived from the proceeds of a bond issue. Per the requirements of the District's reserve policy, the target level for the debt service reserve requirement is established at the time of the bond issue. Based on documentation provided to CLA, "no reserve fund has been established in connection with the issuance of the 2016A bonds." Therefore, the January 31, 2023 ending balance of \$178.88 satisfies the minimum balance requirements per the District's reserve policy.

Customer Deposit Accounts – Due to fluctuations in the number of utility customer deposits required and the number of development projects in process, no minimum or maximum levels have been established for customer deposit accounts. The customer deposit account balances presented on the treasurer's report are based on the ending balance on the general ledger for the month. The customer deposit accounts are reconciled monthly. CLA was able to confirm that the customer deposit accounts balance presented on the January 2023 Treasurer's Report reconciles with the District's general ledger. The January 31, 2023 balance of \$5,420,726.97 in customer deposit accounts satisfies the balance requirements of the District's reserve policy.

Capacity Charge Account – The District's reserve policy does not explicitly address or specify any minimum or maximum funding levels for capacity charge accounts. However, based on the reconciliation schedule provided by the District, CLA can confirm that the balance of \$51,095,859.08 presented on the January 2023 Treasurer's Report for the Capacity Charge Account reconciles with the documentation provided to CLA with no variance.

CIP Account in LAIF for Capital Purposes – On March 20, 2019, the District received a \$3 million dollar settlement as part of a larger association of local water districts and municipalities, from the San Gabriel Valley Water Company, Fontana Union Water Company and the San Gabriel California Corporation. The check was received and deposited into the District's General Government Checking bank account and the District's board approved the transfer of the \$3 million dollars in settlement funds to the District's LAIF account on April 4, 2019. While these settlement funds have been restricted for Capital Improvement Projects, currently there are no designations or allocations for District funding towards any Capital Improvement Projects.

Capital Reserve Funds

Capital Project Account – The capital project account is used for the funding of new capital assets or the rehabilitation, enhancement, or replacement of capital assets when they reach the end of their useful lives. Per the requirements of the District's reserve policy, "the minimum target level WWWD will strive for is 100% of its then-current year fiscal year from the Capital Improvement Budgets plus 80% of the amount estimated to be needed the following fiscal year." The District currently maintains a balance of \$12,695,687.00 (\$7,827,687.00 for fiscal year 2022-23 and \$4,868,000.00 for fiscal year 2023-24) in its

West Valley Water District Reserve Memo – January 2023

capital project account, meeting the minimum target level required for both fiscal years. Based upon the inquiry of finance department personnel, certain projects are no longer included in the capital improvement reserve in the board approved budget for the FY 22-23 because those projects are funded directly from the Capacity Charge Restricted Fund. CLA was able to confirm that the District is in adherence with the minimum target level requirement as of January 31, 2023 by comparing the board-approved 2022-23 Capital Improvement Budget which indicates a total CIP (Operating Revenues + Capacity Charges + FY 2021-22 Carryover Balance) for fiscal year 2022-23 of \$7,827,687.00. The reserve policy only requires the district to maintain 80% of the amount estimated to be needed the following fiscal year (2023-24) which amounts to \$4,868,000.00, therefore, the District meets the requirement indicated in its reserve policy.

Administrative & General Account – The administrative and general account is utilized to fund certain general, administration and overhead projects. While no specific target level has been earmarked for either project, the District hopes to maintain a minimum balance in the administrative and general account equal to 5% of its annual operating expenses. Per the FY 2022-23 board-approved budget, CLA can confirm the District has an operating expenses budget of \$31,659,962.37. As of January 31, 2023, the administrative and general account contains \$1,582,998.10 which satisfies the 5% minimum requirement of the District’s reserve policy.

Liquidity Funds

Rate Stabilization Fund – This fund is established to provide flexibility to the Board when settling rates to allow for absorbing fluctuations in water demand and smoothing out rate increases over time, temporarily defraying any unforeseen decreases in the sale of water. To remain in conjunction with the reserve policy, the District should aim to maintain a minimum level equal to 5% of water sales. Per the FY 2022-23 board-approved budget, the District anticipates water revenues of \$19,701,887.62 for the current fiscal year. The District’s current balance of \$985,094.40 in its rate stabilization account achieves the minimum target level for this account as indicated in the reserve policy.

Operating Reserve Account – This fund may be routinely utilized by staff to cover temporary cash flow deficiencies caused by timing differences between revenue and expenses or decreases in revenues and unanticipated increases in expenses. Given the significance of this account, the District strives to maintain a minimum amount equal to 60 days of the District’s budgeted total operating expenses in this account. Per the FY 2022-23 board-approved budget, CLA can confirm the District has an operating expenses budget of \$31,659,962.37. As of January 31, 2023, the operating reserve account maintains a balance of \$5,276,660.33, which satisfies the requirements of the District’s reserve policy.

Emergency Account – The emergency account may be utilized to purchase water at any time or to begin repair of the water system after a catastrophic event. Therefore, a minimum target level equal to 1% of net capital assets of the District’s water system has been established to enable the district to manage emergency situations. Per January 31, 2023 general ledger detail reporting provided by the District’s accounting staff, CLA was able to confirm that the District’s net assets total \$126,417,768.26. As of January 31, 2023, the emergency account represents a balance of \$1,264,177.68 or 1% of total net assets, allowing the District to meet its requirements for the reserve policy.

Water Banking Account – The District’s reserve policy states “The District will strive to maintain a minimum level equal to the cost of 1,000 acre-feet of water and a maximum amount equal to the cost of

West Valley Water District Reserve Memo – January 2023

10,000 acre-feet of water.” Per an invoice from the San Bernardino Valley Municipal Water District, CLA can confirm that the District currently pays \$125 per acre-feet of water. By maintaining a balance of \$125,000 in its Water Banking Account, the District is in adherence with its reserve policy.

Self-Insurance Reserve – As indicated in the minutes from the April 5, 2018 board meeting, the District’s board of directors approved \$5,000,000 in funds for employee liability claims and this amount is considered adequate based on conversations with the District’s CFO.

Balance Available for Daily Operations – This balance represents the District’s total cash balance less any fund requirements. For the month ending January 31, 2023, the District had a total of \$124,626,258.73 in various institutional accounts. The required reserve balances by type total \$86,446,382.44 and are categorized as follows:

- Restricted Funds- \$59,516,764.93
- Capital Reserve Funds- \$14,278,685.10
- Liquidity Funds- \$7,650,932.41
- Other Reserves- \$5,000,000.00

Based on the District’s Treasurer’s Report, which indicates a total cash balance of \$124,626,258.73 and fund requirements of \$86,446,382.44, the fund balance available for daily operations reconciles to the January 2023 Treasurer’s report.

CLA reviewed the Treasurer’s report for clerical accuracy and recalculated the total Unrestricted Reserves balance and agreed the totals to the January 2023 Treasurer’s Report. The Treasurer’s Report indicates that West Valley Water District’s total cash, investment, and reserve balances as of January 31, 2023 total \$124,626,258.73. In its assessment of the District’s accounts, the balances on the Treasurer’s Report appear to agree with the supporting documentation provided by the West Valley Water District.

**BOARD OF DIRECTORS
STAFF REPORT**

DATE: March 7, 2023
TO: Board of Directors
FROM: Van Jew, Acting General Manager
SUBJECT: TRANSFER FUNDS REQUEST FROM GENERAL CHECKING TO
 WVWD INVESTMENT ACCOUNT

BACKGROUND:

At the August 20, 2020, Board of Directors meeting, the WVWD Board of Directors approved and authorized the Chief Financial Officer (CFO) to transfer funds in/out of the District's Chase account to/from the District's investment accounts to take advantage of potential interest earnings. At this meeting, the WVWD Board also requested that the CFO provide a detailed report of all transfers every month and include this report in the monthly financial reports presented to the Board.

Per Section 5 Delegation of Authority of the District's investment policy, authority to manage the District's investment program is derived from California Government Code, Section 53607. Management responsibility for the investment program is hereby delegated to the General Manager and CFO, who shall be responsible for all transactions undertaken and shall establish a system of controls to regulate the activities of subordinate officials, and their procedures in their absence.

DISCUSSION:

Based on the District's investment policy, "Securities placed in a collateral pool must provide coverage for at least 100 percent of all deposits placed in that institution." As of February 15, 2023, the District maintained balances within the FDIC limit of \$250,000 for each bank account, except for the Chase General Governmental Checking account. The Chase General Governmental Checking account typically holds funds of at least \$700 thousand for operational purposes. In January, the District collected over \$2 million in capacity charges, development fees, and property tax revenue. In an effort to reduce the excess funds in the general checking account, District staff would like to transfer the excess funds of \$2 million to the US Bank Investment account.

Request to transfer excess funds to US Bank Investment Account managed by Chandler Asset Management, investing in longer-term (3-10 Years) US Treasuries (3.00 – 4.50%) and US Corporates Rated "A" or higher (3.50 – 5.50%) with a longer maturity date. Fees: 0.08% (8 basis points). **Yields are subject to change. **Chandler Asset Management is the District's investment advisor.*

FISCAL IMPACT:

Potential interest revenue, depending on where the funds are placed.

STAFF RECOMMENDATION:

Approve the transfer of \$2 million from the District's general checking account to the District's US Bank investment account managed by Chandler Asset Management to earn potential interest.

Respectfully Submitted,

Van Jew

**BOARD OF DIRECTORS
STAFF REPORT**

DATE: March 7, 2023
TO: Board of Directors
FROM: Van Jew, Acting General Manager
SUBJECT: APPROVAL OF PURCHASE ORDER IN THE AMOUNT OF \$69,304.20 TO MIKE ROQUET CONSTRUCTION INC. FOR POST-WATER MAIN BREAK STREET REPAIRS.

BACKGROUND:

On January 21, 2023, a main break of an 8” polyvinyl chloride (PVC) waterline occurred at 2393 W. Loma Vista Drive in the City of Rialto. This led to a substantial amount of water loss that resulted in major damage to the street. The waterline has been repaired and temporary asphalt has been installed by West Valley Water District (District) staff; however, a section of 4,389 square feet of the street will need to be repaired and paved to the City of Rialto standards. Photographs of the damages are attached as **Exhibit A**.

The scope of work consists of removing 4,389 square feet of existing and temporary asphalt 10 inches deep, installing 6 inches of aggregate base and 2.5 inches of asphalt, performing soil compaction testing, capping with 1.5 inches of thick asphalt, and providing traffic control.

DISCUSSION:

On February 18, 2021, a Request for Proposal (“RFP”) was issued and publicly advertised on PlanetBids to secure a maintenance contract with a qualified, experienced street paving contractor to provide permanent trench paving, on an on-call, as-needed basis. Four (4) firms – Mike Roquet Construction Inc., Hardy & Harper, Inc., GM Sager Construction and Onyx Paving Company. – submitted proposals. Based on qualifications and experience, capability, references, compliance, and costs, the Board of Directors awarded a contract to Mike Roquet Constructions Inc. on May 9, 2021. Mike Roquet Construction Inc.’s submitted a quote in the amount of \$69,304.20 to perform street repairs on Loma Vista Drive damaged by the main break. Attached as **Exhibit B** is the quote.

FISCAL IMPACT:

This item is included in the Fiscal Year 2022/23 Operating Budget and will be funded from project number GL100-5410-540-5612 titled “Repair & Maintenance/Street Patching”.

STAFF RECOMMENDATION:

Approve a purchase order in the amount of \$69,304.20 to Mike Roquet Construction Inc. for post-water main break street repairs.

Respectfully Submitted,

**BOARD OF DIRECTORS
STAFF REPORT**

DATE: March 7, 2023
TO: Board of Directors
FROM: Van Jew, Acting General Manager
SUBJECT: FISCAL YEAR 2022-23 MID-YEAR OPERATING & CAPITAL BUDGETS REVIEW

DISCUSSION:

Fiscal Year 2022-23 Mid-Year Operating & Capital Budget adjustments are recommended for changes to reallocate funding for various unbudgeted line items or to reclass funding to provide continued operational activities until the end of Fiscal Year 2022-23 (June 30, 2023). This Mid-year budget includes funding CIP activities for the Fiscal Year 2022-23. There is no overall budgetary impact on the Fiscal Year 2022-23 Operating Budget as all adjustments net to zero. For Fiscal Year 2022-23 Capital Budget, there is a net decrease of \$423,733 in adjustments.

The Fiscal Year 2022-23 Mid-Year Budget includes:

- FY 2022-23 Mid-Year Operating Departmental Adjustment Summary **(Exhibit A)**
- FY 2022-23 Mid-Year Operating Budget Summary **(Exhibit B)**
- FY 2022-23 Mid-Year Operating Budget Detail **(Exhibit C)**
- FY 2022-23 Mid-Year Revenue Trending **(Exhibit D)**
- FY 2022-23 Mid-Year Capital Budget **(Exhibit E)***
- FY 2022-23 Mid-Year Organizational Chart **(Exhibit F)**
- FY 2022-23 Mid-Year Salary Schedule **(Exhibit G)**

*- includes three new capital projects: new variable frequency drive for Well 41 (\$17,000), minor building renovations (\$20,000), and fencing for three battery pack well sites (\$55,000).

FISCAL IMPACT:

No net financial impact on the FY 2022-23 Operating Budget and a net decrease of \$423,733 in adjustments to the FY 2022-23 Capital Budget.

STAFF RECOMMENDATION:

Approve the Fiscal Year 2022-23 Mid-Year Operating & Capital Budget review.

**BOARD OF DIRECTORS
STAFF REPORT**

DATE: March 7, 2023
TO: Board of Directors
FROM: Van Jew, Acting General Manager
SUBJECT: LOBBYING SERVICES SURVEY AND ASSESSMENT

BACKGROUND:

Lobbyists are used to track legislative matters that impact or otherwise are of concern for the West Valley Water District (District), provide guidance on supporting or opposing legislation, informs the District on grant, loan, or appropriation opportunities, and coordinate visits by Board and staff with legislators. The District currently has retained both a federal and State lobbyist.

DISCUSSION:

Staff performed a survey by reaching out to other water agencies in the area to determine if they also use lobbyists and if so, in what manner and to what benefit level and at what cost. The results of the survey will be presented at tonight's meeting.

Additionally, staff performed an assessment of our current federal and State lobbyist by identifying actual services received. This assessment will also be presented at tonight's meeting as well as some recommendations by staff.

FISCAL IMPACT:

None.

STAFF RECOMMENDATION:

Provide staff feedback, if any, or otherwise receive and file this report.

Respectfully Submitted,

Van Jew
