Billing Address:	_____	City:	_____	State:	_____
The meter will be used for:	_____			District Job:	<input type="checkbox"/> Yes <input type="checkbox"/> No

A Reduced Pressure (RP) Backflow Prevention Device is required for all hydrant meters.

I request use of a District backflow device for use with the hydrant meter (deposit required and fees apply) YES NO Test Fee: _____

Backflow make: _____ Model #: _____ Size: _____ Serial #: _____ Backflow inspected by: _____

The customer shall use all possible care to prevent damage to the meter, or any loaned facility of the District, which are involved in providing temporary service. Should a meter or other loaned facilities become damaged or stolen, the cost of replacement or repairs shall be the responsibility of the customer and will be billed accordingly. Tampering of a hydrant meter of any kind is a misdemeanor punishable by law and subject to fine. Seal wire damage or tampering shall result in forfeit of total deposit amount. Applicant shall provide the appropriate wrench necessary to operate fire hydrant valves.

Customer shall abide by the District's Rules and Regulations. Customer shall also, downstream of the meter connection, use and maintain fire hose, pipe, and fittings that are in good condition and repair leaks when they occur. Failure to do so will result in the District using its sole discretion to stop or terminate service. Additionally, during June, July, August, and September, the District at its sole discretion may only issue out 3-inch hydrant meters, require hydrant meters to be throttled down to 200 gallons per minute, and direct customer to either reduce or cease use for a period of time as identified by the District.

Applicability and Duration of Service: Applicable to temporary services, including hydrant connections of a non-permanent nature for construction or other purposes, and water for filling of sprayer tanks used for agricultural spraying, service shall be disconnected and terminated **within six (6) months** after installation, unless an extension of time is granted in writing by the District. **If we are unable to contact you for any thirty day period after receipt of the hydrant meter, your deposit will be forfeited and your water consumption shall be estimated.** A copy of this permit must be kept at the job site at all times. Hydrant meter and backflow prevention device must be made available for reading and/or inspection by District personnel at any time. The District requires the consumption rate for hydrant meters be measured in cubic feet, unless an agreement is made with the District in writing prior to the initiation of service. If the meter is relocated, a backflow test will be required. **Please allow 2 business days for hydrant meter installation or relocation. To close your account, please send request by email to backflow@wvwd.org.**

I have read the above provisions and agree to abide by them, along with the District's Water Service Rules and Regulations:
